

Message from Editor in Chief of Thai Journal of Gastroenterology 2012-2014

Dear Members

Thai Journal of Gastroenterology (TJG) has been publishing regularly three articles a year for over ten years. From time to time, TJG could be accessed and downloaded the content of this journal via www.thaigastro.com. The editorial board has proved a tireless contributor to the journal to make the articles more readable and thus more helpful to those interested in the archival article. We encourage GI fellows and GAT members to consider TJG as a venue for their own publications. We welcome submissions at any time.

We wish to thank all contributors for the important efforts and all drug companies for their financial support. We are confident that we will continue to improve the quality of the papers published in this journal.

Duangporn Werawatganon, M.D.
The Editor in Chief
