

**Message From  
Editor in Chief of  
Thai Journal of Gastroenterology 2007-2016**

---

*Dear Members,*

Thai Journal of Gastroenterology (TJG) has been publishing three articles a year for over ten years. We have many issues with original articles, interesting case, case reports, review article, X-ray corner, endoscopic corner, etc. From time to time, TJG could be accessed and downloaded the content via website. After several years passed, we published regular issues. Nowadays TJG has been stayed in Thai-Journal Citation Index (TCI) Centre and are able to search TJG Thai impact factor. We encourage GI fellows and GAT members to consider TJG as a venue for their own publications. We are confident that we will continue to improve the quality of the papers published in this journal.

The editorial board has proved a tireless contributor to the journal to make the articles more readable and thus more helpful to those interested in the archival article. I would like to express my appreciation to all the editorial board members who has provided us a big help all along.

Another year has passed, another year has come. Wishing you a Happy New Year 2016 with the hope that you will have many blessings in the year to come.

**Duangporn Werawatganon, M.D.**

*The Editor in Chief*
